### Scope of the Order

Drawn stainless steel sinks are sinks with single or multiple drawn bowls, with or without drain boards, whether finished or unfinished, regardless of type of finish, gauge, or grade of sinks. The products covered by this order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 7324.10.0000. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

A full description of the scope of the order is contained in the memorandum from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for the Final Results of Countervailing Duty Administrative Review: Drawn Stainless Steel Sinks from the People’s Republic of China” dated concurrently with this notice (Issues and Decision Memorandum), which is hereby adopted by this notice. A list of topics discussed in the Issues and Decision Memorandum is provided as Appendix I to this Notice.

#### Analysis of Comments Received

All issues raised in the case briefs submitted by parties are addressed in the Issues and Decision Memorandum. A list of the issues which parties raised and to which we respond in the Issues and Decisions Memorandum is attached to this notice as Appendix I. The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each program found countervailable, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>2</sup>

In making these findings, we relied, in part, on facts available and, because we determine that the Government of the PRC did not act to the best of its ability to respond to the Department's requests for information, we applied an adverse inference in selecting from among the facts otherwise available.<sup>3</sup> For a full description of the methodology underlying our conclusions, *see* the Issues and Decision Memorandum.

#### Final Determination of No Shipments and Rescission of the Review In Part

Based on our analysis of U.S. Customs and Border Protection (CBP) information and information provided by Native Produce, we determine that Native Produce did not have any reviewable entries during the POR. No evidence of shipments was placed on the record, therefore, pursuant to 19 CFR 351.213(d)(3), we are rescinding the administrative review of this
